## ABOUT

As a classical-crossover vocalist, I am inspired by the gentle blurring of musical boundaries: in my performances, the timeless beauty of classical music meets the emotional directness of contemporary sound. My aim is to build a bridge between genres and to offer an experience that is at once elegant, moving and accessible to everyone.

My musical path was shaped by a classical foundation, which gave me both technical assurance and a deep musical sensitivity. I combine this with the freedom of the crossover genre, so my repertoire embraces opera arias, film scores, international hits, unique arrangements and pop music alike.
